

ABOUT ME

A highly motivated student looking for a first-time position within a graphic or a website environment. Throughout my education and achievements, I've demonstrated high levels of motivation, work ethic and teamwork to achieve my predicted goals. I wish to utilize this skills to work with customers and satisfy their needs.

EXPERIENCE

Friend Need

Most of my friends asked me to retouch their images and do some manipulations and I've been working hard and I am happy about the result. They love my work

Team Leader

There was once a desktop application competition about making 5 different cities and show more details on it "Anthem, capitals and etc"
My friends voted me to become their leader and we won the competition bravely.

ACHIEVEMENTS

One Million Arab Coders

I won in the competition one million arab coders with a verified certificate

Presentation

My power point presentation won on the second place on El Nozha Educational Administration with a verified certificate

Kudo Game Lab

I created a game using kudo game lab with a verified certificate

Graphic Design

I did a lot of designs in different fields manipulations, retouch, and I can do more

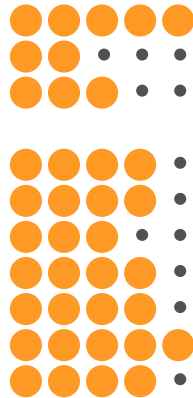

Created A Website

This website as u see i created it using the python framework with other frameworks like bootstrap, j Query
